

eCOTS 2022 Virtual Poster “Utilizing Open Source Resources to Teach Introductory Data Science” by Tyler George

Most materials are from *Data Science in a Box* by Mine Çetinkaya-Rundel [here](#)

These materials were used in Introduction to Data Science (DSC 223) in Fall 2021 Block 4 at Cornell College [Slides](#)

Description

This repository is for a virtual poster at eCOTS 2022 “Utilizing Open Source Resources to Teach Introductory Data Science” by Tyler George. The purpose is to show exactly how the materials were modified and used for teaching on Cornell College’s One-Course-at-A-Time schedule. Some additional course documents are shared such as the syllabus, schedule, and scripts used to run the class.

Corrections
